### Cake pops

Take some sponge cake, wrap it in cream cheese frosting, drape it in chocolate and spear it with a stick. The result? A cake pop, *left*. Hailed as the 'new cupcake', they're made by Pop Bakery and decorated how you like. From £2 each; [popbakery.co.uk](http://popbakery.co.uk).

### Whoopie pies

Macaroons get an American makeover with the gleefully named whoopie pies. Think two soft cookies sandwiched together with buttercream, in various flavours and sizes. £2.50 each from Harrods Food Halls ([harrods.com](http://harrods.com)).

### Mini éclairs

These airy, bite-sized éclairs, *right*, from Blue Strawberry have a velvety centre and come in shades to match your theme. Options include vanilla choux with pink raspberry filling and pistachio choux with pistachio cream filling. £1.20 each as part of a reception package; [bluestrawberry.co.uk](http://bluestrawberry.co.uk).
